VISION

*Creating a future worth living.
 For patients. Worldwide. Every day.*
 This vision guides us in our efforts to give our patients around the world a better life by offering them high-quality products and outstanding health care.

MISSION

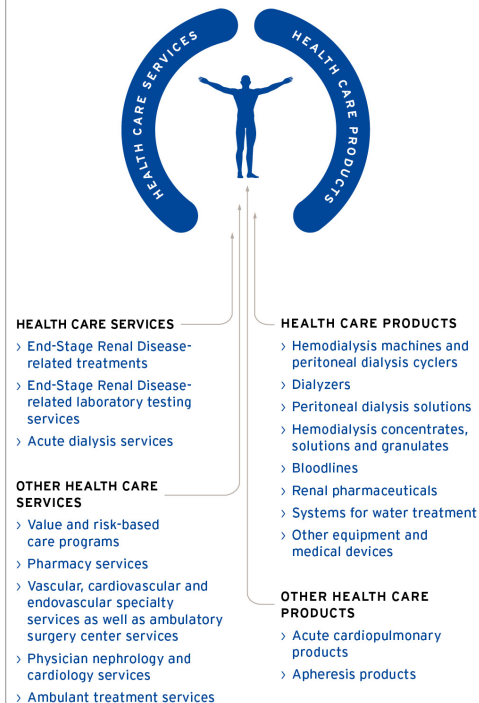

We provide the best possible care. Sustainably in diverse health care systems. For a growing number of patients around the world.

STRATEGY

Our goal is to provide health care for chronically and critically ill patients across the entire renal care continuum. We aim to use our innovative, high-quality products and services to offer sustainable solutions at a reliable cost. Our commitment to sustainability is an integral part of our strategy.

PRODUCTS AND SERVICES

As a vertically integrated company, our portfolio encompasses a comprehensive range of high-quality health care products and services as well as various dialysis treatment options for both in-center and home dialysis.

DIALYSIS

Dialysis is a life-saving blood cleansing procedure that substitutes the function of the kidney in case of kidney failure.
